

Hi! My name is Irene.

I want to thank you for the screentex. I bought it in your Chicago office. For 7 years

doctors in offices and in hospitals did not find any problems with my health and I was still sick.

21 CT -scan for 3 years. After 1 week under your screentex I feel healthy again and because more than 50 parasites (ascaris) escape from my body.

Thank You again, Irene from Chicago.
